Victor Garcia   Web Developer

12/01/1981 / +34 661 906 242 / Seville (Spain) / victorm.garciao@gmail.com / Portfolio

PERSONAL SUMARY

A highly skilled and experienced software developer with excellent communication and organizational skills, with the ability to work well both as part of a team and independently. 'Can do' Attitude to work, I am looking for a job opportunity that will allow me to further develop my skills and experience.

A quick learner who can absorb new ideas and can communicate clearly and effectively. Currently looking for a rol in a dynamic, ambitious, growing company and forge a career as a first class website designer.

EXPERIENCE

Node.js & Javascript Developer
I am currently developing an application of energy monitoring for factories. This application is going to be used by more than 100 international factories. I am using some technologies such as **Node.js, Javascript, Sails.js, PHP, HTML5, CSS3, MVC, Cassandra, Redis** or **Python.**
- Moncuadro S.L. (2014 – Currently)

Front End Developer
I am always learning something new and improving my skills as Front End Developer creating projects like my portafolio or an Address Book (MEAN API).
- Freelance (2013 – Currently)

Videogames Developer
I am developing a videogame for Android based in "Doctor Who" powered by Unity3D.
- Freelance (2014 - Currently)

PL/SQL Developer
3 years as PL/SQL developer, improving and testing code in different projects. Creating procedures, functions and triggers and using tools like Toad, Eclipse or Forms & Reports.
- Sadiel (2009)
- Abengoa (2010)
- Indra (2012)

HOBBIES

Graphic Designer
I've been using Design Tools such as Pothoshop or Illustrator more than 10 years ago and making desings for fun, I am currently making designs for Qwerty.com.
